FEES & CHARGES

We offer flexible LMS solutions to fit a variety of business and nonprofit needs. The following fees represent standard pricing but are subject to change based on individual requirements.

Our consultation process helps us determine the best pricing structure for you, ensuring you receive the most cost-effective and impactful solution tailored to your goals.

User Fees (Per User Pricing)
- 0-50 Users → Fixed cost for up to 50 users, regardless of whether 1 or 50 are active.
- 51-100 Users → Tiered pricing based on additional user levels.
- 101+ Users → Custom pricing available based on scale and needs.

Course Licensing Fees
- If using our pre-built courses, a licensing fee applies.
- Average course licensing fee: $800-$1,500 per year, depending on course size. Bulk discounts are available for multiple course purchases.
- 80/20 Revenue Split: You receive 80% of course sales revenue, and 20% covers platform costs.
- Custom course development is available upon request (additional design fees may apply).

Portal Design & Customization Fees
- Standard portal setup is included in the base pricing.
- Additional design work (custom branding, integrations, etc.) will incur separate charges.

Consultation & Support Fees
- Training for Campaign Packages: Included (5 hours per month for nonprofits, up to 20 hours per year for businesses).
- Training for Standard Packages: Available for an additional fee.
- One-on-One Consultation or Additional Support: Priced per session based on needs.

Our LMS solutions are designed to empower businesses and nonprofits by providing a customizable, revenue-generating platform that makes training, education, and online learning more accessible. With flexible pricing, structured support, and AI-powered tools, we ensure every client gets the best value based on their needs.

By scheduling a personalized consultation, we can craft a plan that aligns with your goals, whether you're looking to train employees, generate revenue from courses, or provide community education. Our LMS is built for scalability and sustainability, ensuring long-term success for both businesses and nonprofits.
